➤ Did you bring special food? **YES NO**

○ Please describe special diet: _____

➤ **PLEASE GIVE US AN UPDATE ON YOUR PET:**

- If you are dropping off your pet for a routine suture removal, bandage change or recheck – the doctor will examine your pet. It is possible the doctor may not be available to speak with you at the time you pick up your pet due to scheduled appointments or surgery procedures. If you are dropping your pet off for the day only and you wish to speak with the doctor at the time you pick up, please let the surgery nurse or surgery coordinator know and they can call you to schedule a time for you to meet with the doctor later in the day.
- Pets rarely go home the same day they have surgery. Many calls are made after 6:00pm. We will call you after surgery, but if you have not heard from us by 5:30pm, feel free to call for an update.
